

BAMBOO™

MAKE YOUR MARK

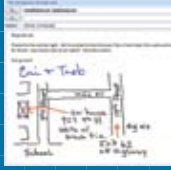

Now there's a simple, easy, and more natural way to bring your big ideas to life. Use Bamboo, a new pen tablet from Wacom, to transform your thoughts into powerful communications. Touch the pen tip to the tablet to handwrite notes, mark up digital documents, make quick sketches, and sign your name.

Combine Bamboo with your Mac or Microsoft® Windows Vista™ and Office 2007. Handwrite email. Enter text by hand anywhere typed text is accepted. Navigate your desktop with a flick of the pen, and more.

BAMBOO™

PERSONALIZE

Add your own distinctive touch. Change the face of your communications by handwriting notes, making quick sketches, and adding your personal signature to digital documents. With the natural feel of pen-on-paper, Bamboo makes it quick and easy for you to get your point across.

WRITE

Express yourself. Combine Bamboo with Mac Inkwell or with Microsoft® Windows Vista™ and Office 2007 to jot notes, handwrite email, mark up documents, and enter handwritten text anywhere typed text is accepted. Bamboo gives you precise pen control with 512 levels of pressure sensitivity.

NAVIGATE

Move around your desktop quickly and easily. Bamboo helps you select files, switch views, and open applications with a flick of the pen. Combine Bamboo with Mac Inkwell or with Windows Vista and Office 2007 to unleash new pen-specific features and capabilities that help you find your way.

SIMPLIFY

Bamboo is a more comfortable and natural way to work, giving you a supplement to keyboard input and helping reduce mouse-related stress on your hand and wrist. ExpressKeys™ provide shortcuts to your most commonly-used keystrokes, and the Touch Ring allows you to zoom and scroll with the touch of your finger.

BENEFITS

- Supports widescreen displays and a textured work surface for a natural pen-on-paper feel
